

CHRISTMAS BEYOND THE WINDOW

A Live Chalk Art Experience

— with Thomas Herr —

Chalk Artist, Musician & Speaker

Thomas Herr is a visual artist and musician known for creating inspiring live chalk presentations that combine art, music, and storytelling into a one-of-a-kind experience. After beginning formal art lessons at age 10, he developed a distinctive performance style that transforms a simple drawing into an unforgettable visual journey. Over the years, Thomas has shared his live chalk art presentations with churches, schools, camps, retirement communities, private events, and audiences throughout the Mid-Atlantic and overseas.

Trained in popular music styles, Thomas is recognized for his expressive musicianship and creative storytelling. His unique ability to blend live art, music, and message creates an immersive performance that audiences consistently describe as uplifting, inspiring, and unlike anything they've experienced before.

Christmas Beyond the Window is a heartwarming holiday presentation that transforms a simple farmhouse window into a breathtaking winter scene through live chalk art, music, and storytelling. As the picture unfolds, audiences are invited to rediscover the wonder, hope, and enduring meaning of Christmas in a way that is both beautiful and unforgettable.

"...an immersive performance that audiences consistently describe as uplifting, inspiring, and unlike anything they've experienced before."
